Sub:- Issuing and signing of medical certificate of rest/fitness by Doctors- reg.

Sir/Madam,

With reference to above mentioned subject, it is informed that as per chapter VI of ESI Medical Manual, point no. 6.3 (f) "In all regulation certificates the language begins as -"I certify that I have examined you today". This clearly means that the medical certificate has to be issued by the doctor who has examined the patient and not to be issued without actual personal examination of an Insured Person. No certifications should be issued merely on the statement/advice/recommendation of any other person/doctor, without IMO/IMP himself being convinced about genuineness of the case.

It is therefore instructed that any medical certificate, given to a particular patient, should be issued as online by the treating doctor who has examined/treated and advised medical rest to the patient concerned .

This issues with the approval of Director General.

Your Faithfully,

सुशील कुमार
सहायक निदेशक (चिकित्सा-2)
